

Consent-2-Go medical viewport

REACH customers that use Consent-2-Go software for the management of medical information of their student population can now view student medical profiles directly from their Consent-2-Go account in your REACH portal using the **Consent-2-Go Viewport in REACH**.

FREE Integration

This is FREE integration feature provided by Consent-2-Go and REACH

The screenshot displays the 'Boarder Summary' interface for Julie Beatson. On the left, there is a profile card with her name, a 'BOARDING HOUSE' tag, and contact details including phone number, email, and address. Below this is a 'NAVIGATION' menu with options like 'Associations', 'Pastoral', and 'SISO'. The main area is titled 'Consent2Go Data' and lists several medical conditions with their severity levels and a right-pointing arrow for more details:

- Heart Condition (Life Threatening)
- Allergy to Medication (Life Threatening)
- Croup (Life Threatening)
- Asthma (Non-Urgent Attention)
- Anorexia (Non-Urgent Attention)
- ADD / ADHD (Non-Urgent Attention)
- Speech Impediment (Information Only)
- Contact Information (Emergency & Parent/Guardian)
- Profile Information (Emergency / Photo)

How to turn the Consent-2-Go Viewport on

Activation of your Consent-2-Go Viewport in REACH is a manual procedure that begins in your Consent-2-Go account. Please email your Consent-2-Go representative and CC that email to support@reach.cloud so that this request also raises a support ticket in REACH.

We can then track the activation of your viewport request with Consent-2-Go. Activation is a simple procedure and should be immediate once your viewport is enabled at Consent-2-Go.

Control who can see the Consent-2-Go Viewport in REACH

You can control who has permission to see the Consent-2-Go Viewport in REACH by managing your user accessibility permissions. These permissions can be controlled through the Base Level Permissions for an entire User Role in REACH or by an individual user's personal Accessibility permissions.

Accessing the Viewport

There are three (3) places where the Consent-2-Go Viewport can be accessed when access permission is granted to a user.

1. In the Student Sidebar

Open the Student Sidebar and in the student's view click on the [View Medical Profile](#) icon.

2 In the Student Profile.

People Management > View Contact > Medical Tab > Consent-2-Go

3. In the Student Summary View

Dashboards > Student Summary > Medical Profile
